## Boarding Animals

### General Rules/Regulations/Information:

- If your pet is to be picked up by someone other than yourself, you must make these arrangements including payment, at the time of drop off.
- We are NOT staffed 24 hours a day; therefore, your pets will be unattended during the evening hours.
- If you need to extend your pet's stay you must contact us 24 hours before the expected discharge date. In the event that you do NOT pick up your pet within 10 days after the expected date of discharge your pet will be considered abandoned and Blount Veterinary Clinic reserves the right to relinquish care of the abandoned pet to an appropriate agency or offer the pet for adoption. You will still be responsible for all charges.
- All animals must be free of external parasite (fleas and ticks) when admitted for boarding, or must be treated upon arrival, at owner's expense. It is also recommended that all boarding pets should be tested for heartworms and placed on prevention at least one month before boarding time.
- Boarding animals will be admitted and discharged ONLY during regular office hours. Our office hours are posted on our website and on the front of the building. **We are open Monday-Friday 7:30-6 and Saturday 8-12 NOON. We are closed on Sunday.**
- Should your pet show any signs of aggression toward our staff or doctors, we reserve the right to terminate any further boarding reservations.
- All precautions will be taken to prevent injury, escape and any other life-threatening emergencies. The hospital staff will NOT be held accountable for problems that develop, provided that reasonable care and precautionary measures have been taken.
- We make every attempt to return all items that you leave with your pet; however, some times may be lost due to changing bedding or cleaning the items. **WE CANNOT GUARANTEE THE RETURN OF YOUR ITEMS.**
